Pages with JSON-LD

- checkaiready.com scores **98 out of 100** (Strong). We crawled 25 pages and 25 loaded.
- Every AI search and live-fetch agent we test can read the homepage.
- llms.txt is present with 18 links and no issues.
- 23 of 25 indexable pages carry JSON-LD structured data.
- We found 1 fix: 0 high impact, 0 small effort.

The score measures how well machines can read and parse the site. It is not a ranking, and it does not predict traffic or whether any AI tool will cite the site.

02 Score breakdown

AI search crawler access

30 / 30

9 of 9 search and live-fetch agents can read your homepage

03 Prioritized fixes

Sorted by impact, then effort. Small effort means a single file or setting.

1 2 pages have no structured data

Medium impact

Medium effort

2 pages

JSON-LD tells machines what a page is about: your business, product, article, or FAQ.

How to fix: Add a JSON-LD block with the type that fits each page (Organization or LocalBusiness on the homepage, Product, Article, FAQPage, BreadcrumbList).
